

# ROCKWOOL construction and permitting in Wallula, Washington

## Updates

April, 2025

### PCL Construction & ROCKWOOL host contractor information sessions

ROCKWOOL estimates approximately 670 construction jobs over the course of construction and our goal is to utilize qualified local contractors to the greatest extent possible.

In late March and early April, PCL Construction, our owner representative, and ROCKWOOL hosted a series of information sessions for prospective contractors and the sessions were well attended.

## Site work underway at Wallula Gap Business Park

---

In preparation for construction, mass grading of approximately 90 acres of ROCKWOOL's 250-acre site is currently underway.

Also pictured is Peterson Road, currently under construction by the Port of Walla Walla, that will provide access to ROCKWOOL's facility and adjacent sites.
